

ITS Florida Board of Director Nominations

The ITS Florida Nominating Committee and Board of Directors of ITS Florida announced a call for recommendations for Officer and Director-at-Large positions on the Board of Directors. **The deadline for submission is October 17, 2014.**

Please note that traditionally the officers “move up the ladder.” However, nominations are needed for all positions. In addition to the Officers, there are three Director-at-Large positions open.

Below is a list of the positions to be filled for calendar year 2015 in this election:

President and Chairman of the Board (1-year term)

Vice President (1-year term)

Secretary (1-year term)

Treasurer (1-year term)

Directors-at-Large (three openings, each for a 2-year term) one of which must be a representative of an Academic organization.

All ITS Florida members are invited to recommend potential candidates for these positions. Recommendations must come from a representative of an ITS Florida member organization in good standing, and of course the recommended individual must be employed by an active member of ITS Florida. If you have any questions about membership please contact ITSFlorida@ITSFlorida.org. Self-recommendations are acceptable and encouraged. Nominations may be made online at <http://fs16.formsite.com/ITSFlorida/Nomination/index.html>. Just fill out the form and attach a one page vision statement and bio.

The Bylaws of ITSFL require a balance on the Board in terms of sector of employment and ITS America membership. Accordingly, the Nominating Committee requests that you identify the affiliation (company) of the nominee as a public agency, private enterprise, or academic group, and ITS America membership status.

The Nominating Committee actually nominates the slate of candidates for Board of Directors' approval, and the Committee has the right to nominate its own candidates. In evaluating potential candidates, the Committee considers potential candidates' past service to ITS Florida, ITS America, or even other State Chapters if recently moved to Florida, and/or contributions to the ITS profession, as well as their sector of the ITS industry, and ITS America membership which is desired, but not required.

Candidates should keep in mind that the ITSFL Board of Directors will meet in person four to six times in 2015, (usually 4 times) with possibly four to six additional meetings by teleconference. Officers and Directors are expected to participate actively in these meetings, and other assigned committee and task force activities during the course of the year. **Potential nominees should ensure that their employer is willing to support the time commitment and cover travel expenses.**

Submit your nomination form today!
